

Fostering Connections and Enriching Experiences  
in the Era of Global Medicine

**NAAMA 31st International Medical Convention**

**EGYPT 2018**

In Collaboration with the Egyptian American Medical Society (EAMS)

*DECEMBER 27, 2018 - JANUARY 1, 2019*

*Cairo Marriott Hotel. CAIRO, EGYPT*

## *Ahlan wa Sahlan ... welcome*

It is with great pleasure that we invite you on behalf of the National Arab American Medical Association (NAAMA) to join us at our 31st International Medical Convention in Cairo, Egypt: “Fostering Connections and Enriching Experiences in the Era of Global Medicine”. NAAMA conventions and scientific symposia traditionally offer a distinctive mix of science and social activities where members and their families enjoy both the educational opportunity and to relax and enjoy time with colleagues.

The Convention will be held at the Cairo Marriott Hotel & Omar Khayyam Casino, a historic palatial property and a five star hotel located on the shores of the Nile River amid lush gardens and fascinating scenery. In Cairo you will glimpse through a window in time into Egypt’s long and majestic history where time spans through ancient civilizations into modern days. Wander through monuments that have withstood that challenge of time as well as pursuing into modern landmarks of Western-style high-rise hotels, shopping malls and apartment buildings that overlook the Nile River.

This year’s scientific program theme is “Fostering Connections and Enriching Experiences in the Era of Global Medicine”, a befitting topic for connecting with our local colleagues as well as for our first official collaboration with our sister organization “the Egyptian American Medical Society (EAMS)” which promises future opportunities where we join efforts towards the betterment of our profession and communities at home and abroad.

And if you still need more reasons to join us, then we invite you to usher the year 2019 Egyptian style. Where else would you rather be but among friends and family celebrating a new year with hopes for peace and serenity.

We encourage you to register early since this convention falls in the high season and we anticipate a large turnout with a very limited block of rooms.

We look forward to welcoming you in Cairo.

Sincerely

Mouhanad Hammami, MD and Elias Tawil, MD  
Convention Co Chairs, NAAMA

# CAIRO

*Cairo*, a city of physical contrasts. Along the banks of the great Nile River, lush vegetation shares the landscape with tall skyscrapers, juxtaposing the ancient and the modern, East and West.

The Cairo metropolitan area is one of the largest in Africa, the largest in the Middle East and the Arab world, and the 15th-largest in the world. From the ancient world remain the famous Giza pyramid complex and the ancient city of Memphis.

Although modern Cairo was founded as the capital in 969 CE by the Fatimid dynasty, the remnants of several earlier capitals are still visible in Old Cairo.

Cairo has long been a center of the region's political, economic, religious and cultural life, and is titled "the city of a thousand minarets" for its many magnificent examples of Islamic architecture.

Come experience Cairo with all it has to offer. Whether it is the Egyptian Museum where you will peek through a window into Egypt's long and majestic history or the Pyramids of Giza, testimony to the genius of the ancient Egyptians.

Experience modern Cairo, with its high rise buildings, lavish gardens and cultural hot spots.

Discover the wealth of architectural gems from Roman, Arab, and Ottoman times including the colorful and bustling Khan el Khalili Bazaar, the extensive city walls and gates some dating to 130 CE.

After dark in this city that never sleeps, savor the flavors of Egyptian cuisine from the elegant surroundings of Mena House Hotel, or on a dinner Cruise on the Nile or simply at a street café in Khan Al Khalili Bazaar..

The Convention's social program is designed to take you through all Cairo has to offer for a once in a life time experience.

We are certian that you will enjoy!

## Cairo Marriott Hotel: A Journey Through Time

The Cairo Marriott Hotel & Omar Khayyam Casino, is located in Egypt's exciting city center. Two towers of guest rooms overlook the palace gardens and the Nile River.

This Cairo historic hotel, housed in the palace built for the Empress Eugenie of France on the occasion of the opening of the Suez Canal, features a choice of 15 restaurants, indoor and out, and a world-class casino.

Guests can enjoy the lush gardens, the historic palace and 5-star accommodations. Relax in well-appointed rooms and suites that offer from plush bedding, desks, complimentary Wi-Fi, mini-bars and 24-hour room service.

Many rooms have balconies with views of the gardens, the city or the Nile. Upgrade to an Executive Level room with access to the exclusive lounge and perks such as free breakfast, afternoon tea and dessert.

Guests are invited to use the gym, recently updated pool or brand new spa. Located in the elegant Zamalek District, close to the renowned Gezira Sporting Club, the hotel offers easy access to the nearby Cairo Tower, the Cairo Opera House, the Egyptian Museum, the Pyramids and the Sphinx.

While enjoying the hotel's 21st century comforts, take some time to follow the hotel's 145+ year story from extravagant celebrations, wartime devastation, multiple owners and ultimately the conversion from an 19th century palace to a 5-star hotel.

Khedive Ismail built the historic Palace Al Gezira in Cairo, Egypt in 1869 to serve as a guest palace during the Suez Canal inauguration celebrations. In the years since, it has housed European monarchs, including Empress Eugenie, wife of Napoleon III, and was scheduled as the venue for the first performance of Verdi's Opera "Aida".

Today, the palace is all that remains of the estate. Many of its rooms and furniture have been preserved and restored to their historic splendor, and now serve as reception rooms and lounges. In addition several of Von Diebitsch's original decorative elements can be seen in locations throughout the hotel.
